

Be proactive in gathering information in times of disaster, and make sure it is “authentic”!

Administrative Radio Broadcast

Matsudo City uses the “Administrative Radio Broadcast” as one means of spreading important information concerning disasters, etc.

Information concerning disasters, such as evacuation notices and evacuation site openings, etc. can be obtained.

※ When there are no emergencies, the system provides regular broadcasts, such as the going-home jingle every evening, as well as information about wandering elderly persons, etc.

Disaster Information Automated Hotline

Depending on the surrounding environment and whether you are inside the house, etc., it may be difficult to hear the content of the broadcast. In those cases, you may call a dedicated toll-free number to hear the broadcast.

Please call the number below if you didn't hear the broadcast well, or would like to check it again. We recommend that you register the number on your smartphone.

Check the broadcast on the phone

0 8 0 0 — 8 0 0 — 9 3 6 6

(Toll-free)

The broadcast content is also published on the official website of Matsudo City. Please scan the QR code on the right to access.

Administrative Radio Broadcast →

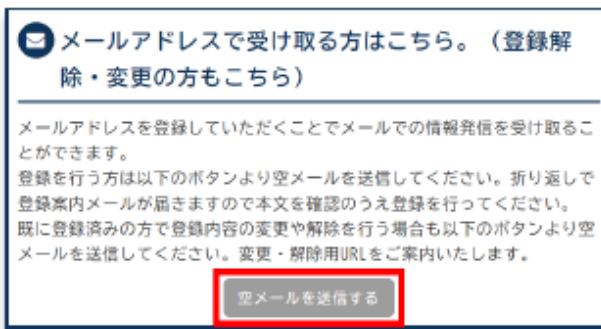

※ This service does not play the regular daily evening broadcasts.

Matsudo Safety Mail Service

This is a service that automatically delivers information on disasters, suspicious persons, crimes, etc. to your mobile phone by email upon request.

Please register so that you can receive emails with emergency information, such as, evacuation information, and information on evacuation area openings.

Go to the registration site and send a blank mail

① Scan the QR code on the left to open the registration site.

② Click on “空メールを送信する(Send mail)” to open the “compose” screen.

③ Send a mail without a subject and body. If you have trouble reading the QR code, enter the following URL address

<https://plus.sugumail.com/usr/matsudo/home> (Smartphone)

<https://plus.sugumail.com/m/matsudo/home> (Feature phone)

※ Or, you can send a blank mail directly to the following address.

Mail address for registration blank mail: t-matsudo@sg-p.jp

※ If you have a junk mail account, please set up your email account to accept email from the “sg-m.jp” domain in advance.

Disaster Prevention Information Phone / Fax Service

This service delivers evacuation information and information on the opening of evacuation shelters to fixed-line phones, cell phones (smartphones and feature phones), and faxes in the event of a disaster.

To apply for this service, ① pick up an application form at the **Crisis Management Division, branch offices, civic centers**, or other public facilities, ② **download the form** from the city's official website, fill in the necessary information, and **bring, mail, or fax it to the Crisis Management Division**, or ③ apply through Matsudo City's **online application system**.

Disaster Emergency Message Dial

(Provided by NTT)

In the event of a major disaster in Japan, such as an earthquake of intensity of 6 or higher on the Japanese seismic intensity scale, a voice message can be recorded and played back.

【 Recording message】

Call **1 7 1**, then press **1**

※Enter your home phone number, including the area code

Example of a message: "This is (your name). All members of my family are safe. We are at (name of the evacuation site, etc.)."

(Keep your message shorter than 30 seconds.)

【 Checking message】

Call **1 7 1**, then press **2**

※Enter phone number of the person you would like to contact, including the area code.

➡ The recorded message will play

【 You can mock/practice this function on certain dates】
