

Invoice of National Health Insurance Premium will be sent out in mid-June

Financial situation of Matsudo City's National Health Insurance (NHI) System is that due to the members' (the insured) aging and advanced medical treatment, medical expenditures have been increasing year by year, by which the amount of insurance premium to be collected from the members has also been increasing. However the City has been making efforts to avoid an increase of insurance premium by transferring money from general accounts to the insurance premium account.

You are requested to understand the above situation and to make payment of the premium as per the payment schedule so that the City can make a stable operation of the National Health Insurance (NHI) System.

●Methods of payment of NHI premium●

1. Account Transfer

You pay the premium by direct debit from your designated bank account.

Procedures for Account Transfer
